MEMORANDUM FOR: Mr. Charles R. Osborn
Budget Examiner
Bureau of the Budget

SUBJECT : Establishment of the National Communications System

REFERENCE : Your Memorandum of 6 January 1963
to Mr. [redacted]

25X1A9A

1. I have reviewed the revised NSAM on the National Communications System. The changes in the revision do not change the views expressed in a letter from Mr. McCone to the Deputy Director of the Bureau of the Budget dated 29 November 1962.

2. The delay in replying to your memorandum to Mr. [redacted] was occasioned by the fact that I understood that the Director of CIA had been requested by official communication to comment on the revision. I learned this morning that this was not the case and that your memorandum to Mr. [redacted] was the only request for comments.
